Every facility should establish an effective program to respond to emergencies. For this to work, every employee should be prepared to handle emergencies before they arise. This documents outlines the Employee Action Plan to address workplace emergencies.

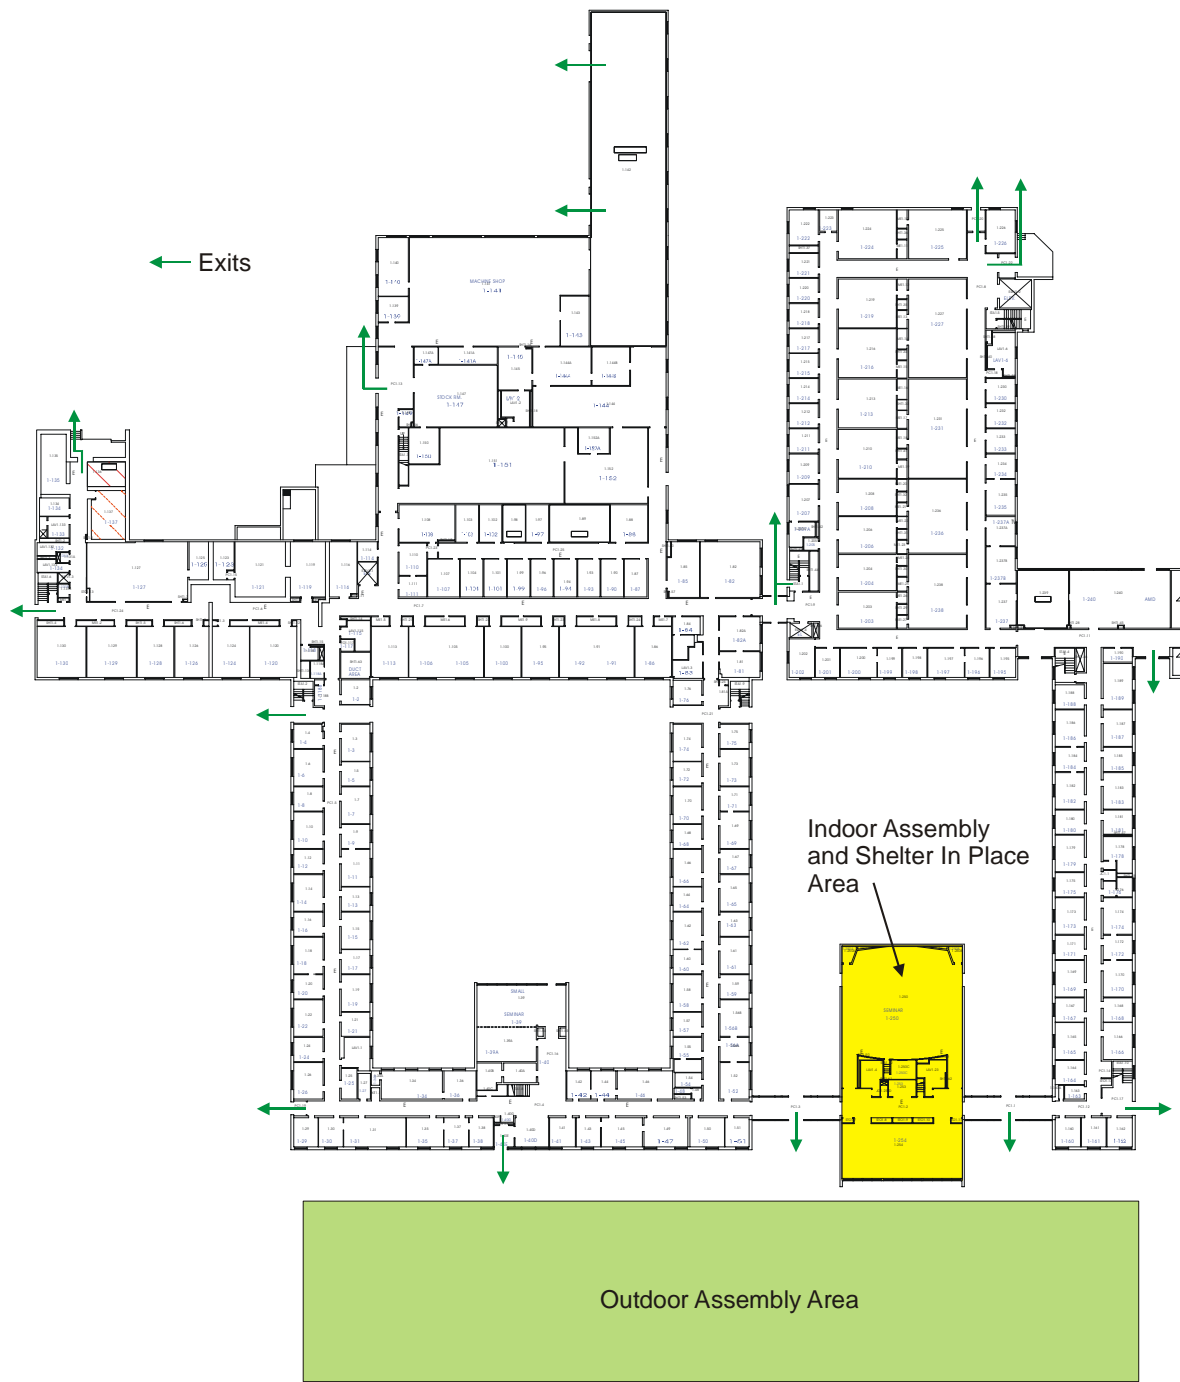

TO REPORT A FIRE, SPILL, MEDICAL OR OTHER EMERGENCY, DIAL 911 OR 2222. IF USING A CELL PHONE, DIAL 631-344-2222. IF A TELEPHONE IS NOT AVAILABLE, USE A FIRE ALARM BOX.

All employees are expected to leave the building and report to the outdoor assembly area when the fire alarm bells ring. No one is authorized to remain in the facility during an emergency.

ACCOUNTABILITY FOR EMPLOYEES

Accountability for employees should be performed after an evacuation. Based upon direction given in an emergency, all employees must assemble at the appropriate areas.

- BUILDING INDOOR ASSEMBLY AREA: Building 510 Auditorium (Large Seminar Room).
- BUILDING OUTDOOR ASSEMBLY AREA: Front Lawn of Building 510.
- SHELTER-IN-PLACE AREA: Building 510 Auditorium (Large Seminar Room).
- EVACUATION ZONE: 9.
- PERSONNEL ACCOUNTABILITY: Because of the large number of different groups who work in Building 510 who come and go on their own schedule, it is not possible to determine that the building is empty by accounting for those who have left the building. Instead, information will be gathered from occupants about the possibility of people left inside, and ultimate reliance will be placed on a sweep by emergency personnel.

SITE-EMERGENCY SIGNALS

- CONTINUOUS SOUNDING OF SITE SIRENS FOR FIVE MINUTES - Proceed immediately to the Indoor Building Assembly Area. Await instructions that may include the nature of the emergency, the type, sequence, and routes for evacuation.
- INTERMITTENT SOUNDING OF SITE SIRENS FOR FIVE MINUTES - Evacuate the Site Immediately.
- Tone Alert Radio:

Location: Building Manager's Office, 1-51 Responsible Individual: S. Marino

Location: 3-178 Responsible Individual: D. Kerr

Location: 2-182 Responsible Individual: R. Inguanta

Note: The Tone Alert Radio must be placed in an area that is constantly occupied or in an area that is accessible to occupants of the buildings, e.g., corridor near mailboxes.
